There'll be three white horses
All in a line
There'll be three white horses
In a line

Three white horses when you go that way
You'll need somebody when you come to die

Don't dismiss it like it's easy
Tell me what's so easy
About coming to say goodbye?

You're gonna miss her in the evening
You know all you need is
Somebody when you come to die

It's not desperation (?)
It's just a need we're feeding
Before we say goodbye

You're gonna miss me in the evening
You know all you need is
Somebody when you come to die
