Take a step back and
Look into my eyes
Take a deep breath and
Know that all you speak are lies?
I know how you feel inside
I know how it feels to be left behind

Please take me home
To the comfort of my own
I never knew, I never knew
Where my heart belongs

Please take me home
To the comfort of my own
I never knew, I never knew
Where my heart belongs

Take a good look at
What's to come
Take a second glance at
The future and what you've become
I know how you feel inside
I know how it feels to be left behind
Please take me home
To the comfort of my own
I never knew, I never knew
Where my heart belongs

Please take me home
To the comfort of my own
I never knew, I never knew
Where my heart belongs (where my heart belongs)

Please take me home
To the comfort of my own
I never knew, I never knew
Where my heart belongs

Please take me home
To the comfort of my own
I never knew, I never knew
Where my heart belongs
