You've got to stand up  
Take a look around for yourself  
Three years is more than a lesson  
You got played by love and affection

You've got it made  
Your moving down or a reason  
That boy's love, it changes like the seasons  
Headed for an all time low

Now stand up  
You've waited for him to man up  
And my friend you've waited for to long

If it takes all night  
If it takes all night  
If it takes all night  
You gotta let him go

If it takes all night  
If it takes all night  
If it takes all night  
You gotta let him go  
If it takes all night  
If it takes all night  
If it takes all night  
You gotta let him go

If it takes all night  
If it takes all night  
If it takes all night  
You gotta let him go

If it takes all night  
If it takes all night  
If it takes all night  
You gotta let him go

If it takes all night  
If it takes all night  
If it takes all night  
You gotta let him go
