[Planet Asia]
Two hundred sheets complete
I keeps it street just to eat
Crushin fools when I bust over beats
On some independent unsigned shit
Mind untwined shit
Fuck your head up wit just one rhyme witt
A little bit of the pre-scripted
Just been inflicted wit
Imperial hip hop shit that I was gifted wit
I don't want no ice cream lovin, it's too cold for me
All in order like it's supposed to be
I only came to MC, you couldn't take nuttin from me
But niggas hate Sonny cuz he came to make money
Fuck that broke shit, we think ahead quick and talk slick
Oh it's a trip, when I'm on stage holdin my dick
It's for my click, and the whole 9-3-7-0-6
I'm never verse-less, the reason why I'm first draft pick
Electric, I rock strange to rearrange the stock exchange
For my pocket change, so cop this hot shit and check it
out

[Chorus] 3x
"Planet" "Asia"
"Was my place of birth"

"Deal in my cypher I revolve around science"

"Planet" "Asia"

"Was my place of birth"

"I stand on earth as the Asian beneficant" [Planet Asia]

[Evidence]

This shit's bangin, ain't it?

[Planet Asia]

Orangutan slang angles painted

Wit the brush and slang exhaust dust

Clean cut counter-clock flow, Scorpio

Throwin everything at you from ya kitchen sink to ya stereo

Round, merry go there we go now stay tuned

Now my platoon be shell-shockin shows like gunshot wounds

To the I-N-D-ustry

Due to lies and realms of the square

Hope you're prepared, I came to hold it down, trust me fo' sho'

Wit ill producto, mega mix licks

Scratches provided by Babu, beats made by Evidence

And I done come this far to start frontin

It's what you want to make you part something

Pull up politely and spark something

Never runnin out of ammunition

I'm swift and changeable

Half of these rappers just started rappin a couple of gold chains ago

But fuck that, I understood to over-stand more

What it takes to turn an MC into an entreauneur

It's dedication to the skill, to say what you feel

But the mass appeal be havin corny niggas searchin for deals

Like dispatch, but you know my game, I came to make the shit crack

Whether our be makin power moves to show and prove the shit's wack

Ay, how many times must I blow your spot wit no shine

I make niggas co-sign on how many different flows I got

(What you want man?) I want some sure-shot shit

Versatile when my profile splits

Gladiator slash scientist

Chorus 3 2/3 X

"Planet Asia" *cut and scratched* 3x

"Was my place of birth"
