Promise something
Kill me right away if I start to get slow
Don't remember
How to separate the one from the apple

Don't wait till tomorrow
Kill me right away if I start to listen
To the voices
Telling all the mouths what they need to swallow

Do that for me
It's the least that you can do
Don't be afraid
I would do the same for you
Burn out any memory of me ever breathing
Till I'm born again

I was thirsty
I remember that you gave me some water
I was angry
Everything at once you gave me no trouble
I was crying
I remember that you gave me your shoulder

Do that for me
It's the least that you can do
Don't be afraid
I would do the same for you
Burn out any memory of me ever breathing
Till I'm born again

Born again

Do that for me
It's the least that you can do
Don't be afraid
I would do the same for you
Burn out any memory of me ever breathing
Till I'm born again

Born again
Born again

Born again
