"Blow Up The Outside World"

Nothing seems to kill me, no matter how hard I try
Nothing is closing my eyes
Nothing can beat me down for your pain or delight
And nothing seems to break me
No matter how hard I fall, nothing can break me at all
Not one for giving up, though not invincible, I know

I've given everything I need, I'd give you everything I
own
I'd give in, if it could at least be ours alone
I've given everything I could, to blow it to hell and gone
Burrow down in and blow up the outside
And blow up the outside, blow up the outside world

Someone tried to tell me something
Don't let the world bring you down
Nothing can do me in before I do myself
So save it for your own and the ones you can help

I've given everything I need, I'd give you everything I
own
I'd give in, if it could at least be ours alone

I've given everything I could, to blow it to hell and gone
Burrow down in and blow up the outside
And blow up the outside, blow up the outside world

Wanna make it understood, wanting though I never
would
Trying though I know it's wrong, blowing it to hell and
gone
Wishing though I never could and blow up the outside
Blow up the outside, blow up the outside
Blow up the outside world

Blow up the outside, blow up the outside
Blow up the outside, blow up the outside world
Blow up the outside, blow up the outside
Blow up the outside, blow up the outside

Blow up the outside, blow up the outside
Blow up the outside, blow up the outside

Blow up the outside, blow up the outside
Blow up the outside, blow up the outside

Blow up the outside, blow up the outside
Blow up the outside, blow up the outside
