Long time coming seemed to get me through
Long time coming many served the few
Long to taste the shame that bows down before you

Long time coming seemed to get me by
Long time coming seemed to satisfy
You longed to taste the shame that everybody tries

Shame, shame throw yourself away
Give me little bits of more than I can take
If it sits upon your tongue or naked in your eyes
Give me little bits of more than I can try
Sow yourself away, throw yourself away

Long time coming seemed to take me through
Long time coming many served the few
And long to taste the shame that bows down before
you

Shame, shame throw yourself away
Give me little bits of more than I can take
If it sits upon your tongue or naked in your eyes
Give me little bits of more than I can try
Throw yourself away, sow yourself away

Sow yourself away, sow yourself away
Sow yourself away, sow yourself away
Just throw yourself away, just throw yourself away
Just throw yourself away

Long time coming
Long time coming
