Lyrics by hiro yamamoto
Music by kim thayil

Heretic, burn at the stake
Witch float like a log
Wine from the blade on the night of the full moon
Voices that call spirits in waiting
Sharing the drink of the bond
A broth of roots and charms
Spells under a twisted tree
Heretic, burn at the cross
Witch, float like a log
Flask over fire, from cobwebs of cellars
Turning metal into gold
A secret till the last word's untold
Accused and convicted
For nothing I suffer your fear
Nailed to a burning cross
Heretic, heretic
