I had a dog he was a mix he loved me like a God  
But I was just a kid the kind mother likes  
Now I'm big like the sky when I'm downsized inside

I'll lay this all to rest  
I'm just a baby who looks like a boy  
I'm getting all depressed  
I'm just a baby who looks like a boy

I got my father's sense and my big brother's pants  
And I look like a man and I feel like an ant  
Just a speck on the ground  
Growing like a weed, a fleck of a seed  
I'll put my hand in flames

I'm just a baby who looks like a boy  
I feel like I'm born again  
I'm just a baby who looks like a boy

I'll put this all to rest  
I'm just a baby who looks like a boy  
I'm getting all depressed  
I'm just a baby who looks like a boy  
I'm just a baby who looks like a boy

And I'll keep hanging from your hair  
And I'll keep playing in the sand  
Just as long as I can
