"Say Goodnight"

Visit "[Say Goodnight](#)" on MotoLyrics.com

It's quiet time
In the sound
Everyone is sleepy
They wanna lay down
His sleepy head
With your eyes so tired
Relax, goodnight
It's so much clearer in the land of dreams
Goodnight

Float away, my little friends
Float away, my tiny friends
Float away, my little friends
Float away, my tiny friends

Say goodnight, Say goodnight, Say goodnight, Say
goodnight
Say goodnight, Say goodnight, Say goodnight, Say
goodnight

It's late,
Getting tired
And I know that soon
I'll be fast asleep
And I'll dream
Of birthday cake and lights
Blow them out
It's time to dream
Of unicorns and rainbows

Say goodnight, my little friends
Goodnight, my tiny friends
Say goodnight, my little friends
Say goodnight, my teeny, little, tiny, little friends
My dawn, little friends
