Though I can't put my hands on you  
I can feel you now  
In the bones and the blood flowing  
Needles on the ground  
In the Ether I sail to you  
Floating on the fumes  
Run aground on the shore for you  
Simple Wreckage

Chorus  
Taree walk out and raise the road  
To my tilted shadow  
I only know I've made it home  
When I drown  
In your ghost light

Though I can't put a name on you  
I will cry it out  
In my heart I will hold  
What my bloody hands have dropped  
Run around on the floor for you  
Simple Wreckage

Chorus  
Taree walk out and raise the road  
To my tilted shadow  
I only know I've made it home  
When I drown  
In your ghost light

Taree! Taree! Taree!
