Let it run around you now and let it fall apart
Put it back again and find never it beats but it's not
the same
And you've never been this sure just how it looked
when it started
Turned around again now and do it all over and over

I get down
From a bad dream
When it's gone
Worse dreams are born

Spinning you around in a fire
By the old one and free

Everybody in sit down and keep on holding on
Throw your arms around, black clouds around them
up
Raise walking bodies in the ground right now bounce it
up
Feeling warm and hanging on the tail of the sunrise
that you can't let go

I get down
From a bad dream
When it's gone
Worse dreams are born

I get down
From a sad dream
When it's gone
Worse dreams are born

I get down
From a bad dream
When it's gone
Worse dreams are born

I get down
From a sad dream
When it's gone

Worse dreams are born

Worse dreams are born

Worse dreams are born

Worse dreams are born

Let's go around

Let's go around
