"All Day All Night"

Visit "[All Day All Night](#)" on MotoLyrics.com

Some people dance in the sunshine
And some people sing in the night
Somebody follows the rhythm
Moving the head to the sound.

Some people dance in the moonlight
And some people sing in the rain
Somebody follows the rhythm
Feeling the beat through the veins.

R:All day, all night
Always, right now
Everyone moves to the music
All day, all night
Always, right now
Everyone's moving around.
R:=ll=

Some people dance in the sunshine
And some people sing in the night
Somebody follows the rhythm
Moving the head to the sound.
Some people dance in the moonlight
And some people sing in the rain
Somebody follows the rhythm
Feeling the beat through the veins.
