We wanna party
Clap your hands move your body
so get up now
and never dance apart
we come together

We wanna party tonight
We wanna do it with you forever
Let's go my friend
Come on clap your hands together
We wanna party tonight
We wanna have lots of fun, go on!
So let's go ok
Come on now and say "uohh"

Say "Hey" ... hey
Say "Ooh" ... Ooh
Clap your hands and say "uohh" (x4)

We wanna party
Clap your hands move your body
so get up now
and never dance apart
we come together (x2)
