taeva lootuses
on elu väärides
eelkoolis ja ma naen (näen?)
elu [lebama] vaid

saada uuses varju jäid
illusioon vaikne nae

mis mind ootukes
sakabude ka uuke
taha vaba tahe veed
selle on oma vaid

saada uuses varju jäid
illusioon vaikne nae
head [ÄÄles] taeva poole
unistan, et kuulis

taas kuulame uud, taas kuulid

Hi. I would REALLY like a transcription of this song. I'm very frustrated at this point, because I see native Estonians come and go on this site and answer other requests, but this (and several other ones) have been sitting here for a long time -- the transcriptions CANNOT be all that hard. I have a terrible vocabulary, so it's impossible for me.

So instead, I have written up NONSENSE LYRICS. Maybe this will motivate someone to come along and FIX them. Some words are total nonsense. Others are real words that make no sense together.

It's fun!

NOT.

I would REALLY appreciate a transcription of the song. Translate into English if you want, too. I don't care. I just want to know what it says already.

Thank you.
