Hey, what do you say I got a 15 million dollar contract  
coming my way

This song is not for you only for people living like we  
do, and not for the true

So dont you think I know whats wrong  
You are acting like I dont witness stories  
But you can't push us down  
this song is not for you  
only for people living like we do, and not for the true

Hey baby with a one two three four  
Find what we been missing  
You're feeling shitty?  
I don't feel no pity.  
Without me you're nothing at all

Hey what do you say I got a 15 million dollar contract  
coming my way  
This song is not for you only for people living like we  
do, and not for the true

Hey baby with a one two three four  
Pride with a mission  
You're feeling shitty  
I dont feel no pity  
Without me you are nothing at all

This song is not for you only for people living like we  
do, and not for the true  
To all you liars  
Who will retired  
Don't believe in what they say and what you always  
been told

Yeeeah!

Hey baby with a one two three four  
Everybody been missing  
You're feeling shitty  
I dont feel no pity  
Without me you are nothing at all

Hey baby with a one two three four  
Pride with a mission  
To all you liars  
Who will retired  
Dont believe in what they say and what you always  
been told  
This song is not for you only for people living like we  
do, and not for the true

Dont believe in what they say and what you always  
been told  
Dont believe in what they say and what you always  
been told
