Excuses is all I ever get from you
And we both know it's true
It's not me, it is you

And nothing matters at all
It felt so right at the time
But we lost it all
You committed a crime

And did it matter to you
When it felt so right?
But now you lost it all
Well, you're not so bright

(No, no, no, no, no, no, no, no, no, no)
You don't have to say you're sorry
(No, no, no, no, no, no, no, no, no, no)
You never mean it when you say you're sorry

(No, no, no, no, no, no, no, no, no, no)
You don't have to say
No guts, no glory, no time to worry
No happy ending to your story

In moments like this don't give a fuck about you
'Cause I've had enough, it's not me, it is you

And nothing matters at all
It felt so right at the time
But then you lost it all
And I'm not surprised

(No, no, no, no, no, no, no, no, no, no)
You don't have to say you're sorry
(No, no, no, no, no, no, no, no, no, no)
You never mean it when you say you're sorry

(No, no, no, no, no, no, no, no, no, no)
You don't have to say
No guts, no glory, no time to worry
No happy ending to your story

No, no, no, you're not ready to go
[Incomprehensible]
No, no, no, you're not ready to go
[Incomprehensible]
You're not ready, you're not ready to go

(No, no, no, no, no, no, no, no, no, no)
You don't have to say you're sorry
(No, no, no, no, no, no, no, no, no, no)
You never mean it when you say you're sorry

(No, no, no, no, no, no, no, no, no, no)
You don't have to say
No guts, no glory, no time to worry
No happy ending to your story

(No, no, no)
No happy ending to your story
(No, no, no)
No happy ending to your story
(No, no, no)
No happy ending to your story
(No, no, no)
Hey
