I remember the first time that I saw you  
Thinking one day we'll be the lucky two  
I looked at you and your beautiful hair  
Give me your hand and we'll go somewhere

I would take you down the city for a ride  
Spend the night together by the river on the west side

Wish you were here  
I wish you were here  
Wish you were here  
I wish you were here

If I knew then what I know now  
And then one day we would say goodbye  
So many things that we left unsaid  
Remember your naked back on my bed

I would take you down the city for a ride  
Spend the night together by the river on the west side

Wish you were here  
I wish you were here  
Wish you were  
I wish you were here

I would take you down the city for a ride  
Spend the night together by the river on the west side

Wish you were here  
I wish you were here  
Wish you were here  
I wish you were here
