Listen, your children might hear it  
Feel it, I'm telling you to feel it  
The war is not over, the dream is not over  
The world is not ending, I'm telling you I'm of a kind

Love it, your children might need it  
Hate it, I'm telling you to hate it  
So take it or leave it, I fake it, you believe it  
The world is not ending, I'm telling you I'm one of a  
kind

Yeah, I won't let them find you tonight  
And I, I'll be there beside you  
I'll be your light in the dark  
I won't let them tear us apart

So listen, your children might hear it  
Feel it, I'm telling you to feel it  
The war is not over, the dream is not over  
The world is not ending, I'm telling you I'm of a kind

Love it, your children might need it  
Hate it, I'm telling you to hate it  
So take it or leave it, I fake it, you believe it  
The world is not ending, I'm telling you I'm one of a  
kind

Yeah, I won't let them find you tonight  
And I, I'll be there beside you  
I'll be your light in the dark  
I won't let them tear us apart  
I'll be your light in the dark  
I won't let them tear us apart

And in moments like these it's easy to say  
I will forgive but I won't forget  
And in moments like these when you're on your own  
You're gonna feel when the love is real, yeah

Listen, feel it

Yeah, I won't let them find you tonight

And I, I'll be there beside you  
I'll be your light in the dark  
I won't let them tear us apart  
I'll be your light in the dark  
I won't let them tear us apart
