Turn around and you've found you're lost again
Wishing you could hit rewind or just pretend
It's a lonely road when you're on your own

Got a crack in the fault line of your soul
If you could only let it out let someone know
It's easier when you got a hand to hold

Oh I am on your side
I'll be your alibi
You can count on me

Oh Oh
You don't have to be the strong one
Oh Oh
All you gotta do is hold on
Cause when your stars are all burned out
And the world around you comes crashing down
Oh Oh
Let me be the one

Falling fast from the weight of your own guilt
Gotta lay it down if you're ever gonna feel
The sweet release of hope come breaking through

So give it over and let me take your part
I'll come walking on the waters of your heart
And show you love like you never knew

Oh I am on your side
I'll be your alibi
You can count on me
yeah

Oh Oh
You don't have to be the strong one
Oh Oh
All you gotta do is hold on
Cause when your stars are all burned out
And the world around you comes crashing down
Oh Oh

Let me be the one

Let me be the one you turn to
Let me be the arms that hold you
Let me be the light inside your eyes
Let me be, Let me be

Oh Oh
You don't have to be the strong one
Oh Oh
All you gotta do is hold on
Cause when your stars are all burned out
And the world around you comes crashing down
Oh Oh
Let me be the one

Thanks to feel
