Where have you gone?  
It's dark in here without you.  
I feel my way along,  
Stumbled back to you.

What did you do?  
All the trouble you caused me.  
My walls are through,  
Struck defenselessly.

And all the things we've done and said,  
Driven to insane.  
Slowly there and fast back again,  
But I do it all the same.

Yeaaahhh  
Ba ba da-da da-da da-daaaaa  
Ba ba da-da da-da da-daaaaa  
Ba ba da-da da-da da-daaaaa

Where have you gone?  
It's cold in here without you.  
Pull me along,  
Warm me through.

Everything that we've been through,  
Everything we say you do,  
Every time I look at you,  
I know now that I love you.

Yeaaah  
Ba ba da-da da-da da-daaaaa  
Ba ba da-da da-da da-daaaaa  
Ba ba da-da da-da da-daaaaa
