(Indians shouting)
Baby I want
All the same things you want
And baby I need
All the same things you need
(aaah)
Ooh, comes to loving you I can relate
We're two of a kind
I know how you operate

Baby, you are my ritual
Burning in the soul, never let you go
You are my ritual
My ritual baby
(Indians shouting)
(ooh ooh ooh)
(oh ooh)

I love
All the same things you love
And baby I long for
All the same things you long for
Every night!
Comes to loving you I can relate
We're two of a kind
Honey, I know how you operate

Baby, you are my ritual
(ooh)
Burning in the soul, never let you go
You are my ritua(woah woah woah woah)l

Every night I worship (???) the lever (???) we've got
There's a bond between us
(Yeeaaaah!)
Every night i pray to the gods of love (love)

There's a certain passion
That curse us at night (???)
It's more than one desire
It's a bond that keeps us tight

The images of love burning in the soul
You are my ritual
So i can't let go

Comes to loving you i can relate
We want the same things
I don't care if you make me wait
We're two of a kind
Honey, I know how you operate
(aaahh)
(Umm chicka umm(???))

Baby, you are my ritual
Burning in the soul, never let you go
You are my ritual
My ritual

Baby you are my ritual
Burning in the soul, never let you go
You are my ritual
My ritual!
Baby!!!

Oh!
You!
Are my ritual
My ritual
Yeeaaaah!
You're burning in the soul!
I'll never let you go!
You are my ritual
(My ritual!)
(Ritual!)
