I am the fold, in the wake  
Watch me push her back and break  
I lose all my friends, and wash away  
All the fractures I've displayed

But we still, hold on

Cause it was  
All you wanted  
And all I needed  
But all I gave up, now  
Could you hold me tighter  
When worlds collide  
Just hold me down right now

All these lines, in the air  
I don't know if anyone would care  
I'm losing my friends, in the wave  
Of all these fragments I can't fake

But we still, hold on

Cause it was  
All you wanted  
And all I needed  
But all I gave up, now  
Could you hold me tighter  
When worlds collide  
Just hold me down right now

Pull me in  
Drown my fear  
Could you wait another day,  
knowing that I'll come back  
I'll come back, no fear

Cause it was  
All you wanted  
And all I needed  
But all I gave up, now  
Could you hold me tighter  
When worlds collide

Just hold me down right now
