I've got a new found fangled  
Fandango tango angle  
And it keeps things curious  
Yes, and it makes folks furious

It takes two part tango  
And a little tingle tangle  
And two Orangutans  
Like me and you

I used to think that you were a tomboy  
Hair like a bird's nest, clothes so shoddy  
Then I found that you were a Rhomboid  
Not an oblesque bone in your body

So don't mess around  
With my extemporangle fangle  
Everybody's entitled to a little  
Existentialrangle fangle bang
