Forget about the neighbors, we're doin' them favors, I
can wait tonite
Forget about the neighbors, we're doin' them favors, I
can wait tonite

Don't make me wait for your lovin'
Don't make me wait for your lovin'

I like to tease them boy, it seems that you can read my
mind
Let me show you and I promise you'll have fun with
mine
This is not a test so playboy come and give your best
Come on with it, I just hope that you can make it last,
girl

Don't make me wait for your lovin'
Don't make me wait for your lovin'
Don't make me wait for your lovin'
Don't make me wait for your lovin'

Baby the only one, I just want to give you all my time
Boys are waitin' up the back in line
You're the one I can't get out my head
It's so cute the way you said that you want it

Don't make me wait for your lovin'
Don't make me wait for your lovin'
Don't make me wait for your lovin'
Don't make me wait for your lovin'
