My heart says we've got something real
Can I trust the way I feel
'Cause my heart's been fooled before
Am I just seeing what I want to see
Or is it true, could you really be

(chorus)
Someone to have and hold
With all my heart and soul
I need to know, before I fall in love
Someone who'll stay around
Through all my ups and downs
Please tell me now, before I fall in love

I'm at the point of no return
So afraid of getting burned
But I want to take a chance
Please give me a reason to believe
Say, that you're the one
That you'll always be

(repeat chorus)

It's been so hard for me
To give m heart away
But I would give my everything
Just to have you say

(repeat chorus)
