Is it real?
Were always the same
Were almost done now
I was caught in the rain
Wasting my time on the ground

Waiting the call
What would you say?
Can you come over?
I was caught in the rain
Wasting my time on the ground

It was you
Who could get me high
With whatever you say
Youre telling me something real

What we do
It doesnt matter now
Whatever it takes
For you to stay with me

Trading thoughts
Crossing the rumor
I saw you surrounded
I was caught in the rain
Wasting my time on the ground

Feeling small
Without an escape
I almost let you down
I was caught in the rain
Wasting my time on the ground

It was you
Who could get me high
With whatever you say
Youre telling me something real

What we do
It doesnt matter now
Whatever it takes

For you to stay with me

It was you
Who could get me high
With whatever you say
Telling me something real

What we do
It doesn't matter now
When I was caught in the rain
You made me feel

You made me feel
Made me feel
I was caught in the rain
Wasting my time on the ground

Wasting my time on the ground
I was caught in the rain
Caught in the rain
