Are you telling me
That everything that I've seen
Has all been for nothing

All for nothing
Something deep inside of me
Far from the normality
This is far worse than before

Selfishness
Flowing through your veins
I could not do this to you
How could you do this to yourself?
Why would you do this to yourself?
(Why would you?)

This is a low
An an all new change of pace
Don't fall backwards
With nothing to vision
Fall forward
With far greater sight than before
(Far greater sight than before)
Don't give up, Not just yet
Don't give in, you can do this
(Far greater sight than before)

Don't throw it all away
All for nothing
What have you done?
The path you have taken
Will lead to your fate
There is no escape
Not from this
It won't be easy.

What have you done?

Selfishness
Flowing through your veins
I could not do this to you

How could you do this to yourself?
Why would you do this to yourself?
(Why would you?)

What have you done?
Is this what it's come to?
I'm leaving with or without you
Don't tell me
To hold my head up high

Are you telling me
That everything that I've seen
Has all been for nothing
Everyone has their demons
To look past them is far greater
(It's all been for nothing)
Than to stick to the spiral
Caged with the horror
It's all been for nothing
