"Across The Sky"

See beyond the moment
Think beyond the day
Hear the word
My voice will not be cast away
Fatalistic fortune
Ever near the end
Love goes on
But Time does not return again

[CHORUS]
Across the sky
I will come for you
If you ask me to
Demystify
Your uncommon dreams
Stranger things have come true

Fear no more the midnight
Fear no more the sea
Close your eyes, regret nothing
You're safe with me
Look into the shadows
Step into the mist
Search your land but doubt never
I still exist

[CHORUS]

Ask yourself: is this all there is
Take no answer but the one you find
I have put my faith in aberrations of your kind
But even if you're in my mind

[CHORUS]

Should we hear the silence
Should we hear the noise
I don't need this blind acceptance
I have made my choice
Light lives in the darkness
Beauty lives in pain

In destruction we may lose ourselves
But still I will remain
Across the sky
Across the sky

See beyond the moment
Think beyond the day
Hear the word
Hear the word
