Night time no one hits the shore
It's me and you time
All those times we had affairs
The waves they never tell

Maybe you have found me out
Where I've been lately
Now your heart is broken with the one you trust
There's nothing I can say

You've heard it all before
My keys won't fit that door
You've heard it all before
You want me here no more

And you can run away
Oh no, I can't, oh no, I can't
'Cause the faith that he has given is unturned

And you can run away
Oh no, I can't, oh no, I can't
'Cause the darkness hits the railway on that bridge

You've heard it all before
My keys won't fit that door
You've heard it all before
You want me here no more

Heard it all before
I'm losing you once more
You've heard it, yes, you've heard it

Oh, maybe you can let me know
Where this will take me
All the nights I longed to be like this
Where all is lost in bliss

Somewhere parked along the streets
I had my run, yeah
All the money never had me bought
He had me, had me then once more

And you can run away
Oh no, I can't, oh no, I can't
'Cause the darkness hits the railway on that bridge

Hmm, and sunshine hits the shore
And cools her rays once more
You've heard it all before
You want me here no more

A momentary lapse
A passion that would pass
You've heard it all before
Be it you outside my door
