"Good Clean Fun"

Yesterday, my teacher told me that our air is going bad
(going bad)
People are abusing the Earth, but this world is all we
have

All we want is some good clean fun, all we want is a
place to run.
A chance to play out in the sun, all we want is some
good clean fun.

I was watching television, and a man came on to say
Somewhere in the world they were dropping bombs
while children try to play
Can you tell me: what am I to do?

All we want is some good clean fun, all we want is a
place to run.
A chance to play out in the sun, all we want is some
good clean fun.

Can't people change how they think, when it only brings
them sorrow?
By the way, what's an o-zone, will I need it tomorrow?
What am I to do?

All we want is some good clean fun, all we want is a
place to run.
A chance to play out in the sun, all we want is some
good clean fun.
