Can I know why you were so hard?  
Can I understand where are you everyday?  
Cause nobody can help me  
And nobody wants save me  
From this life

I tried to accept all my pain  
And I tried to stand up to my dark intentions  
But everyday I wonder  
Why life wants to give me to death

But you can't answer me  
And you can't hear me

Life has brocken all your chances  
So quickly and without reason  
But now I'm still waiting for you  
And everyday I walk alone

The suffering overwhelms me  
Crushing all of my hope  
The darkness haunts my soul  
And my ideas without mercy, without remorse

Why always hope to be saved?  
And why always hide my fears behind all my smiles?  
I gave my life to get one  
I gave everything to be accepted

But you can't answer me  
And you can't hear me

Life has brocken all your chances  
So quickly and without reason  
But now I'm still waiting for you  
And everyday I walk alone

Meanwhile this time I've walked alone  
I can't forgive all these sharp fears  
I can't forget, I can't believe,  
I can't be free

Life has brocken all your chances  
So quickly and without reason  
But now I'm still waiting for you  
And everyday I walk alone
