Like if someone has opened  
The door deep inside of me  
Like a sudden movment of my heart  
To explain all my tears

Like a chield, I stretch out my arms  
To at least rest my mind  
Like a chield I close my eyes  
Dreaming to erease this life

How could I dream this time?  
How could I dream?  
Tell me, how could I  
Without buring my pain?

Like a chield asking to be born defferently  
And become unknown again  
I dream to fall asleep  
And never open my eyes again

I'd slash all my wrists  
To make you see me  
I'd make flow all my blood  
For you to realise my pain

Let me be a new born  
Let me be yours  
Tell me, don't you think  
Sometimes I'd like to die?  
Tell me, don't you think  
I breath no more for a long time?

How can you think  
My thoughts are empty?  
How can you even say  
There's never been love?

Can I scream my pain?  
How can I scream?  
But how? How could I  
Without feeling your look?  
But how? How could I  
Without feeling your look?

How dare you say  
That I've never cried?  
Have you ever heard me  
These nights of silence?

Crying my tears each time  
Crying my tears  
Injuring myself  
Trying to hold my tears  
Slashing my wrists  
Trying to hold my tears in front of you...

Have you ever noticed  
The wounds inside me  
Holding my tears in front of you?

Give up the fight this time  
Give up the fight  
But how? How could I  
Without saying my love?  
Give up my dreams this time  
Give up my dreams  
But how? How could I  
Without hearing your voice?  
But how? How could I  
Without screaming your name?  
Try to fly off this time  
Try to fly off  
But how? How could I  
Without mourning this life?  
But how? How could I  
Without mourning this life?

Tell me, how could I  
Without telling you...  
I love you  
I love you

Here is a song for her mother, telling her what she feels and how much she loves her
