

The Soundtrack of Our Lives "Lifeline"

Visit "[Lifeline](#)" on MotoLyrics.com

You're my lifeline
You're the pipeline to all my dreams from here
You're my lifeline
You're the pipeline to everything, that's clear

And if I could make you happy
I'd stretch it out for you
And if I could give you someone
Who would not play the fool
But every time I try to know you
You send me back to school

You're my lifeline
You're the pipeline to all my dreams from here
You're my lifeline
You're the pipeline between love and fear

And if I could make you happy
I'd stretch it out for you
And if I could give you someone
Who would not break a rule
But every time I try to show you
You send me back to school

Yeah, you send me back to school
