So I took the time to write this song
To make you understand
I will always love you
Just the way you are
'Cause I wrote this song this love won't go wrong
I see it in your eyes
I will always have you
Until the end of time
Time and time you were mine
Destiny to me
I love you for eternity, oh baby can't you see
So I promise that I'll never lie
I promise that I won't make you cry
'Cause I'm not the type of guy so easy to say goodbye

Chorus:

Isn't it beautiful to know
We won't let each other go
Never would I say goodbye
If you would turn away
'Cause I will always be there for you
And you will always hold me
Isn't it beautiful to know
We won't let each other go

There are times when I feel sad
Then you are beside me
Giving me hugs and kisses saying it's okay
So as long as we are together
Holding hands you and I
I will always have you deep inside my heart
Time and time you were mine
And I pray nothing happens to my darling
Your forever safe with me deep inside my heart
So I promise once again to you
I promise that I'll never lie
'Cause I would not want to
Wouldn't want to make you cry

Chorus

So I take this time to tell you why
Why I wrote this song and how hard I tried
To prove my love girl
Baby I love you
So we'll always need each other
Our love will stand a test of time
'Cause remember always
We won't let each other go

Chorus (2x)
