"Flesh And Bone"

I must be leaving
It's 4 in the morning
Can't see straight
Had a fine time though
Won't change my life but
Saved my day
Tomorrow I'll pay

One thing after another
Safe in the knowledge that we are flesh and bone
As beautiful as the first day

Wake up and listen
You've got to say something
We want the same things
Wake up this town
Stand in the doorway
Watching black and white
The world inside

One thing after another
Safe in the knowledge that we are flesh and bone
As beautiful as the first day

And it's one thing
After everything
One thing after another
Safe in the knowledge that we are flesh and bone
As beautiful as the first day
Free to roam
Make a home in my head
