Fallin out, fallin in  
Nothin's sure in this world, no no  
Breakin out, breakin in  
Never knowin what lies ahead  
We can really never tell it all

Say goodbye, say hello to a lover or friend  
Sometimes we never could understand  
Why some things begin then just end  
We can really never have it all

[1st refrain:]  
But oh, can't you see  
That no matter what happens  
Life goes on and on  
So baby just smile  
Coz I'm always around you  
And I'll make you see  
How beautiful life is for you and me

[Chorus:]  
Take a little time baby  
See the butterflies' colors  
Listen to the birds that were sent  
To sing for me and you  
Can you feel me  
This is such a wonderful place to be

Even if there is pain now  
Everything will be alright  
For as long as the world still turns  
There will be night and day  
Can you hear me  
There's a rainbow always after the rain

Hittin high, hittin low  
Win or lose you should go, yeah yeah  
Gettin warm, gettin cold  
Weather could be so good or bad  
But baby this is life  
Now don't get mad

[2nd refrain:]

Coz oh, can't you see  
That no matter what happens  
Life goes on and on  
So baby please smile  
Coz I'm always around you  
And I'll make you see  
How beautiful life is for you and me

[Chorus:]

Take a little time baby  
See the butterflies' colors  
Listen to the birds that were sent  
To sing for me and you  
Can you feel me  
This is such a wonderful place to be

Even if there is pain now  
Everything will be alright  
For as long as the world still turns  
There will be night and day  
Can you hear me  
There's a rainbow always after the rain

[Bridge:]

Life's full of challenges  
Not all the time we get what we want  
But don't despair my dear  
(and I know that) you'll take each trial  
And you'll make it through the storm coz you're strong  
My faith in you is clear  
So I'll say once again this world's wonderful  
And let us celebrate life that's so beautiful,  
So beautiful

[Chorus:]

Take a little time baby  
See the butterflies colors  
Listen to the birds that were sent  
To sing for me and you  
Can you feel me  
This is such a wonderful place to be

Even if there is pain now  
Everything will be alright  
For as long as the world still turns  
There will be night and day  
Can you hear me  
There's a rainbow always after the rain
