When did you get in
I didn't hear a thing
You hold me with your stare
Lost and unprepared
Maybe time of year
To make our way back here
??????????
Stitch another seam
Come to terms with love
Up close and personal

Every tear we shed puts us so on edge
Are you on my side?
Someone I can confide

Don't be so damn crazy baby
It's not the first time lost it lately
If the fire goes out might feel like running
my head blows up you might wanna leave
Oh the diamonds of your eyes have got me to thinking
You're crazy baby

Sing my way through life
Fear it hides my smile
If eyes are windows too,
the soul I see in you
Ever the pragmatist I see your life in bits

Every tear we shed puts us so on edge
Are you on my side?
Someone I can confide

Don't be so damn crazy baby
It's not the first time lost it lately
If the fire goes out might feel like running
My head blows up you might wanna leave
Oh the diamonds of your eyes have got me to thinking
You're crazy baby

If the fire goes out might feel like running
If my head blows up you might wanna leave

Oh the diamonds of your eyes have got me to thinking
You're crazy baby
