It's two o'clock and I was sleeping,
But I'm not feeling great.
I took some pills to help my thinking,
But now I'm thinking worse.
Well I was hoping that I could see you,
If that's not too absurd.
Am I in love, or am I dreaming?
'Cause I'm not sensibly,

Just taken by your words.
For once I found the cure
I'm sick of staying up late,
'Cause you're not here,
And I'm not there.
No, I'm not afraid to watch you change me.
I'm not afraid to watch you change me.

You need to know what you're into,
I'll tell you I'm a God damn piece of work.
So I'll just sit here,
Until you enter my arms,
'Cause that's the simpleness of where I lay my head.
I'm a wreck when I'm alone,
I'm the boy who lost his hope.
And I'm sensibly just,

Taken by your words.
For once I found the cure
I'm sick of staying up late,
'Cause you're not here,
And I'm not there.
No, I'm not afraid to watch you change me.
I'm not afraid to watch you change me anymore.

I took the Key Bridge North to your parents' house
again.
I saw my share of lights from the sky outside the city.
I bought you things I love just to show you that I care.
I found the place to lay inside of the wharf,
And that's the way that I spend these last few days,
And writing all these songs.

I swear to God that I love you, 'cause I can't explain
this.
I'm sensibly just -

Taken by your words,
For once I found the cure.
I'm sick of staying up late,
'Cause you're not here,
And I'm not there.
No, I'm not afraid to watch you change me.
I'm not afraid to watch you change me anymore.

I'm taken by your words,
For once I found the cure.
I'm sick of staying up late,
'Cause you're not here,
And I'm not there.
No, I'm not afraid to watch you change me.
I'm not afraid to watch you change me anymore.
