[Intro:]

Oh-oh

No, no

End of time

Nooooo

Oooooo-ohhh

Yeah

Hmmmmm...

[Chorus:]

I wanna grow old with you

I wanna spend the rest of my days

Constantly holding you

Girl every beat your heart makes

I wanna be close to you

I wanna share all your mistakes

Whatever it takes

All I know...

I wanna grow old with you

[Verse 1:]

It's been so long

Eleven years and going strong

And you're the one

Who gives me strength to carry on

You understand

What it means to love a man

So here it is...

My heart in your hands

[Chorus:]

I wanna grow old with you

I wanna spend the rest of my days

Constantly holding you

Girl every beat your heart makes

I wanna be close to you

I wanna share all your mistakes

Whatever it takes

All I know...

I wanna grow old with you

[Verse 2:]

I see no one else in my future  
I see no one but you  
And when times get hot and I faulta  
Your love pulls with you  
And there is no one to compare  
Baby girl to the love we share  
So long that we're still here  
I love it when you say you care

[Chorus:]

Cause I wanna grow old with you  
I wanna spend the rest of my days  
Constantly holding you  
Girl every beat your heart makes  
I wanna be close to you  
I wanna share all your mistakes  
Whatever it takes  
All I know...  
I wanna grow old with you

[Verse 3:]

Baby you and me will make a happy home  
I will never run away  
I will never leave you alone  
Even as the mysteries of life unfold  
With you I wanna go home  
I wanna be the one who's always there for you  
To hold you close when you want me to  
And when the old days turn to new  
With you I wanna grow old

[Chorus:]

I wanna grow old with you  
I wanna spend the rest of my days  
Constantly holding you  
Cause every beat your heart makes  
I wanna be close to you  
I wanna share all your mistakes  
Whatever it takes  
All I know...  
I wanna grow old with you

[Outro:]

Old with you  
Baby, I don't wanna do anything but...  
Constantly holding you  
Every beat your heart makes  
I wanna be close to you  
Baby, I wanna share your mistakes  
Whatever it takes

All I know...  
I wanna grow old with you
