dear claudia, you should try not to sleep with your best
friends boyfriend
you've come so far since that time when you let your
first boy in
and you do it so carelessly
as if you had no self esteem
a victim of apathy but you don't care what people say
about you
i will let you in before you break yourself

its true that you like to sleep around
enjoy it with your backside on the ground
but you should know that its not your fault
your father killed himself

dear claudia, you leave pieces of you in each bed you
lay in
and when you're done there will be somebody else
wearing your skin
and you do it so carelessly
as if you had no self esteem
a victim of apathy but you don't care what people say
about you
i will let you in before you break yourself

its true that you like to sleep around
enjoy it with your backside on the ground
but you should know that its not your fault
your father killed himself

I will lay your fears right here next to mine
and when we close our eyes we'll be entwined

dear claudia, you should try not to sleep with your best
friends boyfriend
you've come so far since that time when you let your
first boy in
and you do it so carelessly
as if you had no self esteem
a victim of apathy but you don't care what people say
about you

little claudia
you must find another way
you must forgive yourself
cause its not your fault I killed myself
i will let you in before you break yourself

its true that you like to sleep around
enjoy it with your backside on the ground
but you should know that its not your fault
your father killed himself

little claudia
i will forgive you
