VERSE 1 ]

South Central

The home of true gangstas

Down for all when I proachin by a stranger

we chill although my girl gets mad at me

She has to understand S.C.C. is family

She's cuss and ????? and is tryin to break the Havikk's heart

But understand girl you knew it from the jump start

I ran the streets keepin suckers off my homie back

Makin records and tryin to avoid gettin jacked

S.C.C. yeah it's a love thang

I don't slang but youre thinkin that I gang bamg

Cause I wear khakis locsters never say I love ya

And mean it in a strong way

Girls on my jock you say I got it goin on

And South Central the place that I call home

The telephone rings but its you that I'm thinkin of

I know its hard to deal with but its gangsta love

[ CHORUS ]

Yeah.. you gotta deal wid dis

lalalalalalalalalala

wid dis gangsta love

lalaloooooove me

you gotta deal wid dis

lalalalalalalalalala

wid dis gangsta love

lalaloooooove me

You gotta deal wid dis

lalalalalalalalalala

wid dis gangsta love

lalaloooooove me

You gotta deal wid dis

lalalalalalalalalala

wid dis gangsta love

lalaloooooove me

[ VERSE 2 ]

Girl you complain that I'm quiet on the telephone

And that I'm rollin with the homies while your all alone

I disagree because I call you when I'm coolin out

I understand you feel up sad but baby check it out

Me and my homies have to make it on the city streets

With all the bangin and the slangin we depend on beats

And dope rhymes that keep us out the ????? line

You're so kind and I'm happy that youre all mine

But it's a fact, my homies always get my back

And like that, I'll never end up gettin jacked

we have time together when we using well

we go to dinner to movies then we get a tell

You understood from the start

I couldn't change overnight but I have a heart

So whassup, you're startin to push

but don't shove girl

You gotta deal wid dis gangsta love

[ CHORUS ]

Yeah you might think I'm out chasin women

But I'm wastin time in the streets wit my homies

But if you didn't already know baby

iÂ´m dedicated to the S.C.C.

And whatever it takes to get us over this first priority

right know yeah i see that look in your eyes

but don't get me wrong

I do feel deep and adore you

And this gangsta love could be your love

If you hang in there

[ CHORUS
