Rudolf the Red-Nosed Reindeer
Used to have a shiny nose
Now if you were to see it
You would say it's stiff and froze

All of the other reindeer
Look before they cross the lane
They saw the snowplow coming
At least there wasn't any pain

On that foggy Christmas Eve
Santa came to say
Even though we'll miss our friend
Tonight we're eating venisen

Then how the reindeer loved him
As they ate their christmas deer
Rudolf the Road-kill Reindeer
Not a bit of gristle here!
