"Naked Blood"

Puncture wounds cover my battered body
Self-inflicted damage done to cleanse my soul
A stigmatic experience stemming from masochistic
urges
To see myself decay

Crimson red, the essence of life leaves my body
Naked blood flows freely

Spikes poke through skin, pierce my flesh, make my
body tremble
Pain and pleasure intertwine in orgasmic convulsions

Severe psychosis
A need to ingest my own amputated parts emerges
My crotch is bleeding profusely as cuts are inflicted

Genitalia removed to be consumed
Agony and euphoria blend together
As the lump slides down my throat
Snacking on my own bloody chunks
Severed dick fellatio

Cannibalistic selfmutilation
To purify myself
My pain is my salvation
My salvation is my pain
My pain is my salvation
My salvation is my pain

Serenity in devouring my own... flesh!

Gouging out my eyes! ripping through veins
My life is soon depleted
Searing, screaming, body burning, dying

Crimson red, the essence of life leaves my body
Naked blood flows freely

Spikes poke through skin, pierce my flesh
Make my body tremble

Pain and pleasure intertwine in orgasmic convulsions
