"Wave"

I woke up on the way down,
From the top of a wave.
I was dreaming I could fly,
I woke up in the sky, but I

Thought for a moment more that I could, fly.
Thought for a moment could it be so, be so...

You'll always have me here,
and you're always on my mind,
Hit the atmosphere,
but your pilot's on the ground.

On the Ground, all I ever think about is you..
On the Ground, you tell me that I'm lying
but it's true.
I woke up on the way out,
Carried all I could save.
I can't fly but I can glide,
Take me back to the wave.
