[verse 1]

Bobby..lets say he was an asshole...  
I guess what sums it up right's, a bad apple...  
-With no good intentions..not to mention...  
His head wasn't on right, needed some direction...  
..Coulda came when he wasn't ready...  
Didn't grasp though it bit em on the ass, now its kinda heavy...  
-Weighin cuz the fork in the road's like whose who?...  
Cuz ya eat it with a spoon, it splits like lose-lose...  
..But, I bet he thought it looked better...  
When bobby met a girl, seen a break in the weather...  
And then the dust settled, bobby and his lady...  
Find that she's pregnant but ain't ready for a baby,  
but...  
He came around, did what he had to...  
Thought he had it all till she came with some bad news...  
..It don't stop, just hold on that thought...  
Lemme grab another chapter in back and we're off like...

[chorus x1]

Jump in, I got the heater on high...  
Sit tight, cuz we in it for a long drive...  
And its a rough road, but we're alright...  
Cuz when the storm comes, it could be your lifee...  
..Whose life? Who's bobby? is it you?...  
..Whose life? Who's lying? is it true?...  
When your lifes in a story could you read calmly?...  
Or would u find yourself askin you if your bobby?...

[verse 2]

And it happens, but bobby took it hard...  
Three years hits you and leaves a pretty deep scar...  
..So as the days wind down it didn't get better...  
..No job, we're back into the same weather...  
-Same get-up, same level..as we once were...  
Same kinda moods you could sum it up in one word...  
..Lost, and the depression was evident...  
And when he tried to settle it the hotter that the kettle

gets...  
..And as it builds, its boiling the water...  
When the mother tries to free up time from her  
daughter...  
And bobby thought nothin, tried to brush it off...  
Tried to make her smile, till mommy stopped callin...  
..And come to find out, bobby's baby momma...  
Quickly got another male model for daughter to follow,  
but...  
..It don't stop, just hold on that thought...  
Lemme grab another chapter in back and we're off  
like...

[chorus x1]

[verse 3]

He's at the edge..ready to roll off...  
-Just when he finds out old ties hold strong...  
..An old friend..rather a long one...  
Someone that he thought of always had caught up...  
Her name is..hmm, lets call her bonnie...  
And all the history with bobby sorta made a carbon  
copy...  
And it was all jolly, they hit it through right...  
Suttin like he never felt, bonnie brought him new life...  
..So it was perfect, bonnie said it so herself...  
And bobby knew that bonnie was the card that he done  
needed dealt...  
she, She thought he, was the one to set it stone...  
-And he knew that she was suttin that he needed from  
the get-go...  
..It don't get no, better then these last two...  
Thought he had it all till she came with some bad  
news...  
..It don't stop, just hold on that thought...  
Gotta write another chapter in back so I'm gone like...
