Sino ka ba?
Parati nalang kitang kasama
Pag uwi ko sa bahay
Pagkatapos ng eskwela

Ilang basketball games ang iniwan ko
Para dumiretso sa computer ko...

Lapster games ang iniwan ko
Para dumiretso sa computer ko...

(Chorus)
How can niggaz say they be
On the other side of the seas'
Where the steering wheels are on
The other side of the v's
And the home look like the spot

On the other side of the c's
When they ain't never been on
The other side of the p's
I ca' see through em', ya tents are too light
Every sentence you write is
Far from the truth

You wanna be that nigga you are in the booth
But you ain't got the heart, the scars, or the proof
And now you flash ya' shirt tag in our grill
But I'm hearin' you was a dirtbag before the deal
You walk around talkin' how every dime sucked

When they don't even speak to you, nevermind fucked
you
Ya' hood sayin' don't come back
Step foot in here, and they gon' put you where you
won't come back
Dog, how the fuck you gon' have keys in ya' house
When ya' moms' won't even give you keys to the house
loser
