Left myself a dead 'cause I wasn't strong
Tried to fall free, but I fell to long
I'm not waking up, 'cause I can't be saved
But I wanna change

I tried everything just to numb the pain
When I came back was it all in vain
So my head, clear, but all I feel is shame

And there's a me, but I'm afraid
Afraid that I am still the same
Can't let go until forever
(ever) ever (ever)

Please let go, please let go now
And just let me die beautiful
Please let go, please let go now
And just let me die beautiful
Die beautiful, die beautiful

(Please let go, please let go now)
(And just let me die beautiful)
Can't let go, 'cause I'm afraid
And I won't let myself be saved
Can't forgive myself ever
(ever) ever (ever)

Please let go, please let go now
And just let me die beautiful
Please let go, please let go now
And just let me die beautiful
Die beautiful, die beautiful

Can't let go of all my tears
To weak to face my inner fears
An endless nameless feeling eats me up inside

(please let go)
I want to break and run away
The fire wanted me to stay
Now can't let go until forever

(ever) ever (ever)

Please let go, please let go now
And just let me die beautiful
Please let go, please let go now
And just let me die beautiful
Die beautiful, die beautiful
