Whoa, oh, oh, (x3) Yeah...  
Whoa, oh, oh, (x3) Yeah...

I've always been a friend in your eyes,  
Watching you chase the wrong guys,  
And it hurts to know,  
When they take you home.

When I tell you what I'm thinking,  
You either wanna kiss or kill me,  
Cause it's do or die,  
Time to cross this line.

I need a chance,  
I need a plan,  
I wanna stand in front of you and bare it all.

Something to say to change the way,  
You're thinking of me,  
Gotta let it go!

I wonder what you look like naked!  
Baby, baby, please don't hate me.  
Tried to bite my tongue,  
That just left me numb.

I wonder what you look like naked!  
I wonder what you sound like saying:  
I, I do. I, want you.

Whoa, oh, oh, (x3) Yeah...

You got so drunk that one night,  
You were holding my hand so tight.  
Helped find your phone,  
Had to carry you home.

You were laughing so hard that you cried,  
About everything wrong with your life.  
As I wiped your tears,  
It was so damn clear.

I need a chance,  
I need a plan,  
I wanna stand in front of you and bare it all.

Something to say to change the way,  
You're thinking of me,  
Gotta let it go!

I wonder what you look like naked!  
Baby, baby, please don't hate me.  
Tried to bite my tongue,  
That just left me numb.

I wonder what you look like naked!  
I wonder what you sound like saying:  
I, I do. I, want you.

Come on, come on, come on,  
Just face it.  
Come on, come on, come on,  
We can't fake it.

This is love, this is love, whoa...

Come on, come on, come on,  
Just face it.  
Come on, come on, come on,  
We can't fake it.

This is love, this is love, this is love.

Ooooh...

Haven't you noticed the way I look at you?

Gotta let it go!

I wonder what you look like naked!  
Baby, baby, please don't hate me.  
Tried to bite my tongue,  
That just left me numb.

I wonder what you look like naked!  
I wonder what you sound like saying:  
I, I do. I, want you.

Whoa, oh, oh, (x3)  
This is love, this is love, whoa...

Come on, come on, come on,

Just face it.  
Come on, come on, come on,  
We can't fake it.

This is love, this is love, this is love.

Haven't you noticed the way I look at you?
