You and I forever,
It's hard to forget that,
Your eyes are growing colder,
A fundamental change of pace,
My dear...
My dear...

Time for intervention,
For rights that turn to wrongs,
But I fought with this,
My demand within,
Is it right to stay,
Is it wrong to just walk away,

Chorus
And my heart screams,
Take her back,
Take her back,
Cause you need her like a drug,
But it's over,
You say goodbye and she cry's,
Knowing you have had enough,
She's not the one,
Not the one, not the one, not the one...
Not the one, not the one, not the one...

Here my body rings,
Shivering cold,
From lack of warmth from you,
Your temper's unforgiving,
Like the firey sky,
Just raining coals on me,
Down on me...
Down on me...
Yeah.

(Chorus)

Yeah,
Oh my love,
You had,
So much more,

Than you deserved,

Cause I,
Will find,
A love that's better,
And I,
Will find,
A love that's better,

You and I forever,

(Chorus)

Babe,
You know I tried,
So hard,
Yeah.
